

vetreo doors

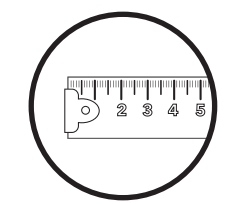

why vetreo?

Our customers demanded more choice, more flexibility and the ability to personalise their home. Our answer is to manufacture your furniture exactly the way you want rather than giving you something off the shelf. Using innovative production technology, with the very best materials, you will receive the finest end product you can enjoy for many years.

Choose a colour combination that's perfect for you. Choose an edge to your doors that are designed for you. Choosing vetreo means you can have bespoke furniture without the price tag, in a quality built to last.
